

WELCOME TO AI HACKATHON LADIES ONLY

#AIHACK4LADIES

The background is a vibrant mix of pink and purple hues. It features a complex network of glowing white and pink nodes connected by thin lines, creating a sense of digital connectivity. On the right side, there is a faint, stylized silhouette of a woman's head, composed of the same network of nodes and lines, suggesting a focus on women in technology or AI.

CHALLENGE 2

...CAN BE PROBLEMATIC

SOCIAL MEDIA

Challenge: Story

Find a story of public interest in the #MeToo tweets, or a data set of your choosing, and present that story in a way that is compelling and comprehensible for a general audience.

Bonus Challenge: Trust

Why should your audience trust you? Incorporate ways for your audience to engage with your findings and your data to grow trust and enhance their own intuitive understanding of the story you are telling.

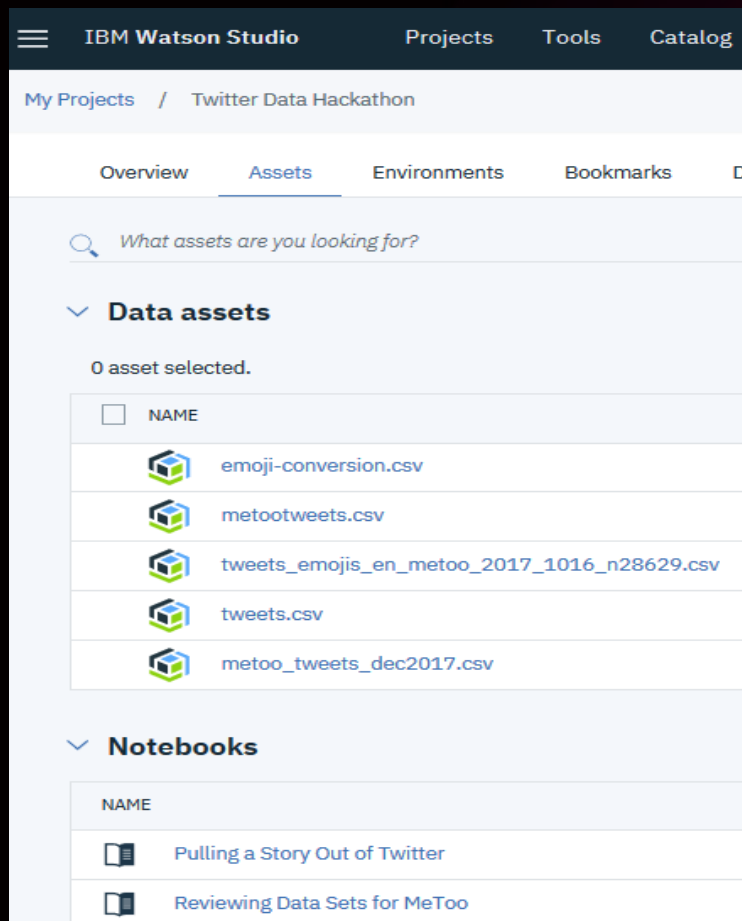

CHALLENGE 2

QUESTIONS TO PONDER

- Who is represented in my data?
- What relationships exist within the subset of data I am examining?
 - For example, what other hashtags appear frequently within tweets containing #MeToo?
 - What is the relationship between tone and hashtags?
